## **DETAILED ACTION**

### ***Priority***

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

### ***Allowable Subject Matter***

2. Claims 1-8 are allowed.
3. The following is an examiner's statement of reasons for allowance: The prior art of record, taken alone or in combination, fail to teach or fairly suggest, in conjunction with other limitations in the claims, a memory card reader including a first engaging plate fastened to a body and having a release post; a second engaging plate selectively connected to the first engaging plate in a first position or second position, and defining a slot in which the release post is moveably contained; and resilient plate contacting and exerting pressure on the body so that the first engaging plate fastened to the body is pushed toward the second engaging plate and connects thereto.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

***Conclusion***

Le et al (US 6,738,259) discloses an apparatus for receiving a number of different types of memory cards; Hung-Ju et al (US 6,402,558) discloses a memory card adapter; and Kaufman et al (US 5,750,973) discloses a card reader.
